

SUTTON

Dear Parent,

District Commissioners Centenary Challenge

As part of Scouting's Centenary Celebrations the District is issuing a challenge to all parents to help their son's or daughter's Group.

Can you give some time to help us to provide better Scouting for our members? It could be anything from helping at section meeting (taking subs, keeping records etc) to helping with the Group (administration, maintenance of buildings or equipment, catering for events or helping with fund raising). Anything will be welcome e.g. helping to drive the young people to camp. Staying on to help at the camp, apart from being great fun would add almost 50 hours for a weekend to the total.

As this is our Centenary we are hoping that people will be able to give up to 100 hours over 2007 but we know that everyone is busy so there will be intermediate stages of 25, 50 and 75 hours. If an individual person cannot give all the time themselves, how about involving all the family in a joint effort?

In recognition of your time and thank you we will provide a certificate for the appropriate number of hours given. For 100 hours in addition to the Certificate there will also be a lapel badge. Certificates will be presented after the end of the Centenary Year at a suitable Group Event.

All you need to do is to let one of the Leaders know you want to take part (as well as helping!). We will do the rest.

John Perkins
District Commissioner

Sutton District Scout Council
